

General information

Warning – Thefts! Because of some thefts during the last meetings, we have to warn and ask to respect some rules for your own safety:

- Don't leave any valuables, wallets or purses unattended in your tent!
- Carry these things always close to your body and take them into your sleeping-bag during the night!
- Be careful, if unknown persons are staying in your tent, especially in the night!
- Help your friends, if they are not able for any reason to take care for their own valuables!

Welcome

We arranged a colored program for your pleasure. Take part and help us to get the good reputation with the motorcyclist of the Elefantentreffen.

Because of increasing environmental demands especially in the local state of Bavaria we recommend that participants don't use one way dishes. Keep the country clean! In several places around the Elefantentreffen we set up well recognizable garbage containers for tin cans, as well as white -, green and brown glass. Please use these containers as you would do, if you'd be at home.

Reference

At the entrance you'll get a plastic bracelet for your wrist. Wear it all the time, it's your personal, unremovable ticket to the Elefantentreffen. Opened or snipped bracelets are worthless!

A large request

If you ignite your campfire, we ask you to the following:

1. Fires must be more than 20 meters from the forest.
2. Remove the (combustible) soil in and around your fire pit to expose the underlying subsoil before building a fire.
3. Fires must be kept small to prevent flying sparks which could be blown into the forest
4. Fire must always be supervised and must be extinguished during windy weather.
5. Please burn only wood.
6. Please collect firewood from the wood desk, not among the trees
7. If you leave the area, extinguish your fire thoroughly with water or snow.
8. Check that the fire is really out before replacing the soil you removed to create your fire pit.

Our fire extinguishers are to be used only in emergencies.

At the Elefantentreffen it can be weather-related icy and smooth. We are not able to keep the entire area free of ice. Therefore, we are not responsible for accidents!
